**delete as appropriate*

(Signature of applicant)

Date: _____

Guidance Notes for calculating interrupted Higher Training :

1. The Higher training programme should be continuous unless approved by Accreditation Committee.
2. The interruption should normally be less than one year for consideration of the 6-year training programme.
3. Any one period of interruption should not be more than 12 weeks without the need of additional training.
4. A maximum of 24 weeks of cumulative leave (leave other than the entitled statutory leave, annual leave, casual leave, training & study leave as approved by the Accreditation Committee) would be allowed during a trainee's 6-year of training period, where not more than 12 weeks allowed during either the Basic or Higher Training period.
5. Only one period of continuous or cumulative 12-week leave (including sick leave, no pay leave & maternity leave) would be allowed during each of the 3-year Basic Training Programme or Higher Training Programme. Such 12-week leave would not include the entitled statutory leave, annual leave and casual leave. Trainees taking leave more than that, would be required to extend his/her training period to make up for the interruption in excess of 12 weeks during either Basic or Higher Training.
6. A Higher Trainee is allowed to sit the Exit Assessment if the Higher Training is expected to be completed by 31 July of the same year (for June Exit) and 31 January of the following year (for December Exit), provided that he/she will make up for the training deficiency after the Assessment. In such a case, elevation to Fellowship will commence only after the deficient training has been completed.

Check List for Returning the Exit Assessment Application Form:

1. In your submission, the following are required: certified true copies of certificates, 2 photographs certified by one of the proposers, write-ups, log sheets of higher training, supervisor's reports, Exit Assessment Form A-Record of Higher Training in Paediatrics, Exit Assessment Form B-Checklist for Dissertations and a cheque in the amount of **HK\$8,000** for assessment fee made payable to "**Hong Kong College of Paediatricians**".
2. For all trainees who started their *basic* paediatric training on or after 1st July 2009, a proof of completion of a formal **Child Protection Course** within their 6-year Paediatric Training Programme should be submitted along with the application.
3. For all trainees who started their *higher* paediatric training on or after 1st July 2020, a proof of completion of a formal **Paediatric Palliative Care Course** within their 6-year Paediatric Training Programme should be submitted along with the application.
4. In the event of a discrepancy in the submitted training record and the actual training undertaken by a trainee being detected, the College reserves the right to declare the assessment result as invalid and the candidate would have to re-sit the Exit Assessment after the training deficiency had been corrected.
5. Return the Application to the Secretariat of the Hong Kong College of Paediatricians, Room 801, Hong Kong Academy of Medicine Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong.
