2016 Best Young Investigator Prize

To encourage research by colleagues, the Best Young Investigator Prize was created in 2015 to be awarded annually to the best paper published between 1st July of previous year and 30th June of the awarding year.

Eligibility

Entry into the Best Young Investigator Prize competition is voluntary.

Applicants must be members of the Hong Kong College of Paediatricians (including Associate Members, Members and Fellows) AND aged 46 years or under as at 30th June 2016.

The papers should be published in peer-reviewed print or electronic journals, and written in English or translated into English if they are written in languages other than English.

Only the first author **or** corresponding author is eligible to apply. One paper is eligible for only one submission, and each paper will be allowed to compete for only one prize.
