Underpaid Mail

Senders have the responsibility to ensure their mail items bear sufficient postage before posting to the College. Mail items if underpaid are subject to surcharge and hence delay in delivery. The surcharge for local underpaid mail items is double the deficiency. Underpaid mail items with no return address will be disposed of by the post office and the College would not collect such mail from the post office or pay for the amount of deficiency. To avoid unnecessary delivery delay, please ensure that sufficient postage has been paid before posting

For your information, from 1st Jan 2018, postage will be charged by **SIZE** of the envelope as well as by **WEIGHT**. The minimum postage for local mail has already been increased from \$1.70 to **\$2.00**.

	Dimension not exceeding	Weight/item not over	Postage
Small letter	165 mm x 245 mm 6.5 in x 9.6 in	30 g	\$2.0
		50 g	\$3.0
Large letter	381 mm x 305 mm 15 in x 12 in	50 g	\$3.7
		100 g	\$5.0
		250 g	\$7.3
		500 g	\$13.7

To facilitate the return of undeliverable mail, you are advised to write down **sender's address** on the envelope. This will help the post office to return the letter to you when the postage is insufficient.

In addition, a survey on subspecialty development was conducted by the Young Fellows' Subcommittee to collect the views of College Trainees and Young Fellows.

Several issues were raised and discussed in the meetings and many Trainees and Fellows gave opinions regarding the appropriate pace of subspecialty development, the balance between the reality of subspecialty services throughout Hong Kong and the needs of trainees undergoing subspecialty training, and the balance between general paediatric training *versus* subspecialty training.

The CSB and College Council will further discuss the issues raised in the meetings and survey in a retreat to take place in June 2019. Trainees and Fellows are most welcome to continue to provide feedback and information regarding paediatric subspecialty accreditation and development via the College Secretariat (enquiry@paediatrician.org.hk) to Dr CW Chan, Director of Subspecialty Boards and Dr Simon Lam, Honorary Secretary of the CSB.
