

Dear all Fellows, Members and Associates,

Consultation Forum for the Proposed Subspecialty of Paediatric Cardiology

The College is now organizing a Consultation Forum for the Proposed Subspecialty of Paediatric Cardiology (PC) for the stakeholders to join and express your views.

During the forum, suggested PC model and the transition period from the current situation to specialization at accreditation training centre, criteria for being recognized as First Fellows / PC trainers, qualification of trainers in “networking unit” will be discussed.

Q&A session on peer-recognized subspecialists will be included.
