APPENDIX V:

HONG KONG COLLEGE OF PAEDIATRICIANS

Paediatric Inherited Metabolic Medicine (PIMM)

Log Sheet of Clinical Cases

Name of Trainee: Trainee's College ID:

Rotation#: HKCH Metabolic Medicine/Chemical Pathology Laboratory: Location_____/HKCH Newborn Screening Laboratory/ Paediatric Neurology Training centre: Location_____/Genetics and Genomics: Location_____/ Overseas training institute: _____/Others please specify:_____

The trainee should fill the record during the PIMM subspecialty training period. The trainee should keep record of the clinical cases and submit the log sheets to the Hong Kong College of Paediatricians when applying for the Exit Assessment. A record of a minimum of 5 to 10 cases per core 2-4 / elective modules and per specific disease category from A to G in PIMM syllabus for core module 1 with learning points or educational value is recommended.

Please use one log sheet for each rotation. Please use additional log sheets if necessary.

	Date (dd/mm/yy)	Age/Sex	Hospital Number	Hospital/Centre	Diagnosis and brief description of the case
e.g	9/11/2022	9y/M	HN12345678	HKCH	Citrin Deficiency with failure to thrive and dyslipidemia
