From the Editors

In June issue of College Newsletter, we invited you to let us know your preference of how to receive the Newsletter. The little survey was meant to check periodically the acceptance of our members of using e-mails as the means of communications with our College. For those replied, the majority preferred e-mails as the mode of receiving of our Newsletter.

It came to our notice that the above survey caused some confusion among the recipients. Some members told us that they supposed the replied preferences dictated the way how they received the future issues of Newsletter. As mentioned before in June issue, The College strongly supports the 'paperless' communication between the College and members. The College Newsletter will either be sent by emails or fax to our members, depending on whether we have their emails address or not. We hope it will clarify the misunderstanding.

Hong Kong Journal of Paediatricians (New Series)

The Hong Kong Journal of Paediatrics (HKJP) is a joint publication of Hong Kong College of Paediatricians and Hong Kong Paediatric Society. The HKJP publishes original research papers, review articles, case reports, editorials, commentaries, letters to the editor and conference proceedings. Topics of interest will include all subjects that relate to clinical practice and research in paediatrics and child health.

Starting from January 2002, the Journal will be produced as a quarterly publication. To make this endeavor successful, we need the support of fellows and all members to submit articles to the Journal.

All manuscripts and correspondence should be addressed to: Chief Editor, Hong Kong Journal of Paediatrics Limited, c/o Department of Paediatrics,

The University of Hong Kong, Queen Mary Hospital, Pokfulam Road, Hong Kong.

10th Annual General Meeting and 10th Anniversary Scientific Meeting

The 10th Annual General Meeting will be held at 6:30 pm on the 8th December 2001 in the Pao Yue Kong Auditorium of the Hong Kong Academy of Medicine Jockey Club Building. This will be followed by the Admission Ceremony of new Fellows which will be graced by the presence of invited overseas guests attending our 10th Anniversary Scientific Meeting as well as local dignitaries and Presidents of the Academy of sister Colleges. Your participation will make the 10th Anniversary celebration a success.

The program and registration form for the 10th Anniversary Scientific Meeting is attached with this issue of Newsletter. You may view and download the color version of program poster at the following link: [http://www.medicine.org.hk/hkcpaed/finalposter\(10asm\).jpg](http://www.medicine.org.hk/hkcpaed/finalposter(10asm).jpg)

Message from Membership Committee

The College Council approved the revised document on application of Overseas Fellowship and Overseas Membership in Council Meeting on 4 September 2001. The details are as follows:

Eligibility, Rights and Responsibilities

1. Fellows or Members who stay away from Hong Kong may apply for Overseas Fellowship or

Membership.

2. Overseas Fellows or Members may enjoy 50% reduction in subscription fees.
3. Overseas Fellows or Members must change back to local Membership or Fellowship upon return to Hong Kong for 3 months or more.
4. Overseas Fellows or Members will have the right to receive journals of the College, newsletter and annual report; to use College facilities in HKAM and to attend College meetings during their visits to Hong Kong.
5. Overseas Fellows have the right to vote.
6. They will not receive local correspondences.
7. Yearly submission of documentary proof of fulfillment of CME requirement in their country of residence is required. This requirement is subject to amendment when further guidelines on CME requirement are issued for overseas Fellows.

Procedure of Application

1. The applicant should write to the Hon. Secretary of the Hong Kong College of Paediatricians indicating his / her wish to apply for Overseas Membership or Fellowship together with a written declaration confirming that he / she is residing outside Hong Kong.
2. The application has to be approved by the Membership Committee and endorsed by the Council.
3. The applicant will be informed of the result of application. The reduced subscription rate will apply from the next calendar year.
4. Fellows concerned must inform the College immediately should there be any change of their overseas status and the reduced rate will cease to apply thereafter.

Continuing Medical Education Category A Activities

The following is an abbreviated list of activities organized by the College and other paediatric organizations. For the full list and CME Category B activities, please refer to the College homepage.

October 2001	
3 rd October (Wed)	Topic: 1. 2 siblings with unusual tubular disorders 2. Case discussion
	Venue: D Ground Floor Multifunction Room, QEH
	Time: 6:00 pm – 7:30 pm
	Speakers: Dr S.N. Wong (TMH); Dr Chiu Wing (QMH)
CME	Organizer: HK Paediatric Nephrology Society
Cat A 2 pts	Contact: Dr. WM Lai, Tel: 29903757
8 th October (Mon)	Topic: 1. A patient with refractory mediastinal non-Hodgkin's lymphoma 2. Case presentation: unusual causes of anaemia
	Venue: Rm 23, 1/F, Blk M, QEH
	Time: 6:00 pm – 7:30 pm
	Speakers: 1. Dr S.C. Ling (PMH)

Message from Education Committee

There will be 2 College lectures in coming 2 months.

11th October: Professor Allan Becker, Professor of Paediatrics, University of Manitoba & President of Canadian Society of Allergy & Clinical Immunology will deliver a College lecture on “The Young Child with Mild Asthma: Do we know who to treat and how to treat?” at Sheraton Hotel at 7:30 p.m. Dinner will follow at 8:30 p.m. One category A CME point will be accredited. For reservations please call 28359820 (Please see attached flyer for details)

November: Our College has invited Dr Rae Yeung of Hospital for Sick Children Toronto to deliver a lecture on “Kawasaki Disease – On our way to unraveling the pathogenesis”. Details will be announced as soon as confirmed.

Message from the CME Subcommittee

Fellows are reminded to keep track of their record of CME activities. Copies of records of CME activities are required when Fellows submit their Annual Return Forms at the end of each year of the 3-year CME cycle. An archive of Category A activities is now available in the College homepage. Fellows may refer to the archive if they want to check those activities that they have attended.

International Conference 2002

“Developmental Dyslexia in Children

Using the Chinese Language: fMRI and Advocacy”

26-28 October 2002, Hong Kong

Collaborating Organization: Hong Kong College of Paediatricians

FIRST ANNOUNCEMENT

We are proud to present this International Conference in Hong Kong organized to promote knowledge in the fundamental nature of, and the professional, social and political issues required for addressing the subject with focus on:

1. Neuro-biological bases and clinical correlates through functional MRI
2. Advocacy issues in Hong Kong and regional Chinese speaking countries.

Panel of international authorities in the field with special expertise in the area will converge in Hong Kong

1. To update on recent advances and clinical correlates of fMRI in dyslexia
2. To study clinical problems faced by developmental dyslexics in Chinese language
3. To share with local experts their professional and practical experiences in management
4. To formulate strategic and collaborative plans to tackle the problems within the region

Do not miss this rare opportunity to discover, participate and share in this important issue of the twenty-first Century!

Please visit our Society Website *at* <http://www.fmshk.com.hk/hkcndp>
OR contact Dr. P Tse at *Fax* (852) 23070582 for more information.
