## **Congratulations to the new Fellows of the Hong Kong Academy of Medicine (Paediatrics)**

The following Members of our College have recently been admitted as new Fellows of HKAM (Paediatrics) :

Dr. CHENG Pik-shun

Dr. FUNG Wai-ching

Dr. HUI Chun-ming

Dr. MA Che-kwan Louis

Dr. WAI Shiu-fai

Dr. WONG Lu-si

Dr. WONG Sheh-wai

Our heartiest congratulations to the new Fellows.

## **Late Applications for Membership**

The issue on late application for Membership still prevails. It has been announced in Newsletters, College's Annual Report and also letters to the departments that trainees should join the College as Associates within six months of starting their basic training; that Associates should apply for elevation to Members within six months when they become qualified. Otherwise their basic and higher training could only be recognized to start from the date their applications are lodged with the College.

In the last Council Meeting, appeals from late applicants were rejected and some trainees had their dates of higher training deferred. I have the utmost sympathy for these members of the College. I would like to emphasize again in this issue of the Newsletter that one must be an Associate of the College when he starts his basic training; one must also be a Member of the College when he starts his higher training. The College considers that six months is enough time for processing and vetting of applications.

Dr. Alex K.H. Chan  
Chairman, Membership Committee

## **From the College Foundation Medical Advisors Needed**

In the last issue of the Newsletter, we made an appeal for volunteers from among our Fellows to become Medical Advisors to Children and Youth Social Welfare Agencies. We received a number of responses and would like to thank those who are willing to sacrifice their time for some meaningful service. BUT WE STILL NEED MORE VOLUNTEERS! There are quite a number of agencies that need advisors. Please do think about this and indicate your willingness. We shall contact you for details before things are finalised. PLEASE FILL IN REPLY SHEET AND FAX IT BACK TO THE COLLEGE. (Appendix 1)

## **Newsletter Distribution**

At the moment about 210 (40%) of the members are receiving the Newsletter by e-mail, while the others are by fax or by post. The College strongly supports the 'paperless' communication between the College and members. Please help to provide your e-mail account to the College. We would also like to know your preference of how to receive the Newsletter. Please return the attached reply form to College, as this would help us to find the most efficient way of communicating with members. (Appendix 2)

Since there is usually little change in Category B activities throughout the year, the Category B activities will not be included in every issue of the Newsletter. In order to save paper, Category B activities will only be included in the first issue of Newsletter of the year. Members may find the full list on the College web site ([www.medicine.org.hk/hkcpaed](http://www.medicine.org.hk/hkcpaed)), or contact College secretary for details.

## Clinical Practice Guidelines

After an open forum held in February 2001, the Working Group on Clinical Guideline is working hard to prepare the first set of clinical guideline on 'Febrile Convulsion'. The final version should be available in the coming few months. The College would like to have your views on this important issue. If you have any comments to the principle of clinical guideline published in last Newsletter as prepared by Dr. Barbara Lam, or any suggestion to the Febrile Convulsion guideline, please send your valuable opinions to the College with the attached reply form. (Appendix 2)

## Scientific Meetings

### The 10<sup>th</sup> Anniversary Scientific Meeting of the Hong Kong College of Paediatricians (8 and 9 December 2001)

The Hong Kong College of Paediatricians is celebrating its 10<sup>th</sup> Anniversary this year. The College will host the 10<sup>th</sup> Anniversary Scientific Meeting on 8<sup>th</sup> – 9<sup>th</sup> December 2001. The theme of the meeting is '**Primary Health Care in Paediatrics**'. In addition to lectures by international and local experts, there will be a free paper session with oral presentations. Prizes will be awarded to the best papers. Support your College, participate in the meeting and submit abstracts to this great event. The deadline for abstract submission is 20<sup>th</sup> October 2001. The details and abstract form are attached at the Appendix 3 or available at the College web site : [www.medicine.org.hk/hkcpaed](http://www.medicine.org.hk/hkcpaed).

### Joint Scientific Meeting 2001

This year the Joint Scientific Meeting of Hong Kong College of Paediatricians, Hong Kong College of Physicians, Hong Kong College of Family Physicians and Hong Kong College of Pathologists will be held on 27<sup>th</sup> (Saturday) and 28<sup>th</sup> (Sunday) October 2001 in the Hong Kong Academy of Medicine Jockey Club Building. The provisional programme is shown in the Appendix 4. The themes for the first and second days are "Infectious Diseases for 2001" and "Ambulatory Medicine for 2001" respectively. Interested members are reminded to mark their diary.

## Paediatric Advanced Life Support Course (PALS)

The College will hold another PALS Course this Summer. It will be held on 29 August – 2 September 2001, at the Hong Kong Academy of Medicine Jockey Club Building, including one Instructor Course and 2 Provider Courses. The course fee will be maintained at \$3,000 for Provider Course and \$800 for Instructor Course. The details are attached in the Appendix 5. The deadline of application is **25 June 2001**.

## H.M. LUI Memorial Fund

The College wishes to thank the Providence Foundation, a charitable foundation set up by the late philanthropist, Mr. H.M. Lui, for its pledge of a generous donation of three million Hong Kong dollars to establish The H.M. Lui Memorial Fund. The object of the Fund is to promote postgraduate study and research in liver diseases and related disciplines in children. The Fund will be administered by a Board of Trustees, which will consist of the President and Honorary Treasurer of the College, the Head of the Department of Paediatrics of University of Hong Kong and of Chinese University of Hong Kong, and the representatives of the family of Mr. H.M. Lui. There will be awards of Training Fellowships and Visiting Professorship.

The award of the **H.M. LUI Fellowships** will enable paediatricians or medical graduates of ethnic Chinese origin aged below 40 years, including but not exclusive of the residents of Hong Kong SAR and of the Mainland of China to undertake education, training and research in paediatric hepatology and gastroenterology or other disciplines in paediatrics in the United Kingdom. Each Fellowship will normally consist of an air passage, subsistence allowance and course fees.

The award of the **H.M. LUI Visiting Professorship** will be made to a renowned expert in paediatrics or other disciplines from any part of the world to conduct teaching and training in Hong Kong SAR and/or the Mainland of China.

Announcements of the application for the Fellowship will be made in the coming months.

# Diploma in Child Health Examination (DCH)

The Royal College of Paediatrics and Child Health (RCPCH) and the Hong Kong College of Paediatricians (HKCPaed) will hold a Joint Diploma in Child Health Examination in Hong Kong this year, awarding DCH (International) and DCH (HK) to the successful candidates.

The Examination will be divided into two parts, Written and Clinical. The Written Part will consist of two papers: one paper of short notes and case commentaries (3 hours) and one paper of multiple choice questions (MCQ) (2 hours). Both papers will be held on 6th September 2001 (Thursday) at the Hong Kong Academy of Medicine Building. Those who have passed MRCPCH Part I, or MRCP Part I in Paediatrics are exempted from the Written MCQ Paper. Successful candidates in the Written Examination will be invited to attend the Clinical Section consisting of long and short cases, which will be held on 17<sup>th</sup> and 18<sup>th</sup> October 2001 in Hong Kong. Candidates will be notified of the exact time and venue 10 days prior to the Clinical Examination.

## **Entry Qualification:**

Registered medical practitioner in Hong Kong with 6 months of training in paediatrics with acute admissions in recognized hospitals (including internship).

## **Application:**

Information and application forms are available from the Hong Kong College of Paediatricians at Room 808, Hong Kong Academy of Medicine Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. (Tel: 2871 8871, Fax: 2785 1850).

## **Examination Fees:**

*Written:-*

HK\$2,200

HK\$1,800 (for candidates exempted from MCQ)

*Clinical:-*

HK\$4,400

Applications have to be obtained in person and should be returned to the Hong Kong College of Paediatricians at the above address with the required examination fees for both Written and Clinical Sections, made by two separate cheques payable to 'Hong Kong College of Paediatricians'. Available places are limited and will be allocated on a '*first come first served*' basis. Those who fail Written Part and are not allowed to attend the Clinical Section will have fees for the Clinical Section refunded. Diploma fees of 70 pound sterling and HK\$700 will be required for successful candidates to apply for diplomas of the RCPCH and Hong Kong College of Paediatricians respectively.

**Deadline for application :- 20 July 2001 (Friday)**

## **Change of CME Category B Programme**

Please note that the CME Category B programme held at **Princess Margaret Hospital** has been changed as follow: Every Monday 2:00-3:00 pm Paediatric Updates/Case presentation, 3:00-4:00 pm Journal Club. (CME 2 points)
