Dear Dr. Wu:

I have had the opportunity to review in detail your recent proposal to establish a Hong Kong Pediatric Neurology subspecialty training program. I find that your revised proposal should be more than adequate to meet subspecialty training requirements in pediatric neurology. It was my pleasure to be involved in this review process and I remain at your disposition should you require any further work done on this matter.

With best wishes sincerely,

Michael Shevell, M.D., CM, FRCPC
