Information for candidates intending to take the Diploma of Child Health (DCH) Examination

The DCH Examination is divided into two parts, written and clinical. The DCH written examination is the same as the MRCPCH Foundation of Practice (formerly known as MRCPCH Part IA). It is expected that the Hong Kong College of Paediatricians and the Royal College of Paediatrics and Child Health will hold a Clinical Examination for the Joint Diploma in Child Health in Hong Kong in **October 2013**. This Clinical Examination is open to registered medical practitioners in Hong Kong but there will be a limit to the number of entries. Candidates who have successfully passed the Written MRCPCH Part IA since January 2004 or the written MRCPCH Foundation of Practice examination since February 2013 and have at least 6 months of Paediatric practice (resident medical officer or intern) in a recognized institution with acute hospital admissions are eligible to apply. In addition, candidates who passed the Part IA examination in May 2005 or thereafter should have the 6 months of Paediatric practice as stated above completed within 5 years prior to the date of the DCH clinical examination. Further details on the clinical examination will be announced at a later date.

Important Notice

New Clinical Examination for DCH from April 2011

A new format of the DCH clinical examination has been adopted since April 2011.

Details of the new format and other relevant information can be viewed on the RCPCH website at:
