Message from the Editors

There is quite a number of announcement from the Examination committee, Scientific & Research Subcommittee and Committee for subspecialty board, fellows and members concerned please keep an eye. The first series of Update Series on Child Health 2019 will commence in April 2019. Please be reminded to register online prior.

The President's Message

Dear Colleagues,

I am very pleased to let you know the College Council at the March Meeting welcomed three new co-opted Council Members. Dr YUNG Tak Cheung, COS of Department of Paediatric Cardiology at Queen Mary Hospital and Dr LEE Kwok Piu, Consultant, Department of Paediatrics and Adolescent Medicine at Pamela Youde Nethersole Eastern Hospital were appointed to fill the two casual vacancies consequent upon Prof LEUNG Ting Fan and Dr FONG Nai Chung having been elected as Office Bearers. Dr Florence LEE, Consultant i/c of Child Assessment Service, Department of Health, was also co-opted. The Council now has the full complement of elected and co-opted members that together will serve our College with the utmost effort.

The Council genuinely appreciates that a transparent and engaging College is crucial to accomplishing her vision to advance the science and art of Paediatrics, to safeguard the quality of training and services, and to promote academic linkages with child health-related disciplines. Collective wisdom of College members is always treasured. Encouragingly, more than forty Fellows have responded to a recent invitation of self-nomination to join College Standing Committees/ Subcommittees/ Working Groups, many indicating interest to join two or more groups.

Neither on the Council nor any of the committees/ working groups, yet, you still have your voice heard. Requests have been sent to Chiefs of Service and Heads of training units to arrange a meeting between council members and your department at an early and convenient date. This will be a yearly meeting at your workplace and we truly believe this is a valuable platform for you to be better informed of College affairs and for the Council to solicit your perspectives and concerns, thereby guiding the Council in directions and strategies. We will continue to explore venues to meet face-to-face with colleagues working outside of training units and your suggestions are most needed.

At the March meeting, the Council was very honoured by the visit of the President of the HK Academy of Medicine, Prof LAU Chak Sing. He was accompanied by Prof Gilberto LEUNG, Academy Vice President (Education and Examinations), Dr CHOW Yu Fat, Academy Hon Treasurer and Mr Aaron CHENG, Academy CEO. Prof Lau briefed on the background of the postgraduate training collaborations between the Academy and the Shenzhen City health authorities under consideration and recapitulated the site visit by the Academy delegation at the HKU-Shenzhen Hospital in early January in which our Council representatives also participated. We agreed that such collaborations at this time will serve as a good window for the Academy and constituent Colleges to contribute to the medical development in the Greater Bay Area and even at the national level in the longer run.

We are very happy to know that the Academy will be developing a generic e-portfolio that will encompass many essential details of trainees' training experience, achievements and trainers' assessment and feedback. There will be smooth interfacing with Colleges that have developed or are developing e-portfolios. We look earnestly forward that this Academy-led initiative will generate the cost-effectiveness and synergism we so need while we embark on our e-portfolio project.

Prof Gilberto Leung enquired about the progress of the service and training at the newly opened Hong Kong Children's Hospital. As more inpatient services are rolled out, more trainees will be posted there and our College is adamant about sternly maintaining the standards of training. To this end, our College hopes that there is a direct and regular channel of communication with the Hospital Authority Head Office and the HKCH Management about paediatric service development, especially regarding how to effect the hub-and-spoke service model that entails the coordination of subspecialty services, rotation of trainees and trainers, and the corresponding enhancements of the existing subspecialty training programs.

The demand for child and adolescent mental health service is escalating. Paediatricians are called upon to help manage the service backlog. We raised the discussion on community paediatrics and primary health care for children and adolescents. Indeed this will be one important area that our College has to incorporate into the new training curriculum so that we are better equipped to assist the Government in strengthening preventive health care.

Yours sincerely,
Winnie

Membership committee

“

The following doctors were approved to join the College as Associates.

1. CHEUNG Winnie Wing Yi
2. LAI Siu Tung

The following doctors were recommended for elevation to Membership.

1. LAI Hui Fung Stephanie
2. LAU Shirley Wai Yin
3. LAW Hiu Fung
4. LEE Hon Lam
5. LEE Shu Fung David
6. TSANG Ho Yin
7. TSOI Chi Hei Kathleen
8. WONG Chi Hang
9. WONG Guan Yuet
10. WONG Kin Lok
11. WONG Wai Kin
12. WONG Wai Yu

The following doctors were recommended for elevation to Membership.

1. CHENG Ying Wai
2. YEUNG Man Fung

Examination Committee

Results of recent examinations

Date	Examination	Pass / No. of sittings	Pass rate

MRCPCH Clinical Examination Changes – from October 2019

The MRCPCH Clinical Examination will be running in a new format from the October 2019 diet in Hong Kong. Modifications to the structure and scoring system of the clinical examination will be introduced. The major changes can be viewed at the RCPCH website <https://www.rcpch.ac.uk/news-events/news/mrcpch-clinical-examination-changes-september-2019>

More detailed guidance will be available from the RCPCH website towards the end of June 2019.

Education Committee

Update Series on Child Health 2019

The “Update Series on Child Health” is jointly organized annually by Hong Kong College of Paediatricians, Hong Kong Paediatric Society and Hong Kong Paediatric Nurses Association. This year, we have six seminars that cover a wide variety of topics of interest to paediatricians, general practitioners and paediatric nurses. All lectures will be delivered by reputable and highly experienced specialists in the respective fields. The first session will start in the afternoon of **27th April 2019 (Sat)**. Please refer to **Appendices I and II** for the full programme as well as the venue and traffic guide. Interested colleagues can register **online before the deadline on 18th April 2019**. The documents can also be downloaded at the College website:

http://www.paediatrician.org.hk/index.php?option=com_content&view=article&id=140&Itemid=115

Scientific & Research Subcommittee

2019 Best Young Investigator Prize

To encourage research by colleagues, the Best Young Investigator Prize was created in 2015 to be awarded annually to the best paper published between 1st July of previous year and 30th June of the awarding year.

Eligibility:

Entry into the Best Young Investigator Prize competition is voluntary.

Applicants must be members of the Hong Kong College of Paediatricians (including Associate Members, Members and Fellows) AND aged 46 years or under as at 30th June 2019.

The papers should be published in peer-reviewed print or electronic journals, and written in English or translated into English if they are written in languages other than English.

Only the first author **or** corresponding author is eligible to apply. One paper is eligible for only one submission, and each paper will be allowed to compete for only one prize.

If the paper has previously been awarded the Best Dissertation Prize of the College prior to publication, it will not be eligible for the Best Young Investigator Prize and vice versa.

The decision of the assessment panel will be final.

Submission:

Submission deadline for the year 2019 Prize is 31st August 2019. Interested colleagues can email their papers (PDF or MS Word format) together with the Application Form (**Appendix I**) to the College Secretariat (enquiry@paediatrician.org.hk) **on or before 31st August 2019**.

The Best Young Investigator Prize will include a cash reward of HK\$5,000 and will be presented during the College annual dinner in December.

Important notes:

1. Please submit this application form, together with electronic copies of certificates for any quotable professional qualifications, by **27th April 2019** to the Secretariat of the Hong Kong College of Paediatricians at enquiry@paediatrician.org.hk
2. To confirm your application for exit assessment, you must submit a portfolio containing your curriculum vitae*, logsheets, interim and summative supervisor's reports up to **27th April 2019**, together with a cheque in the amount of HK\$6,000 for assessment fee made payable to "Hong Kong College of Paediatricians", by **27th April 2019 (postmark)**. You will be informed of College's acceptance of your application to sit for the PIID Exit Assessment by 31st May 2019.
*Please include the following information in your curriculum vitae:
 - Clinical rotations fulfilling the requirement of PIID training, and training supervisor(s) for each rotation (Appendix I & II)
 - A representative month's work schedule and sessions related to PIID training
 - Participation in professional meetings and conferences
 - List of presentations made in departmental, local and regional / international meetings
 - Service and guideline development
 - Teaching experience
 - Research experience
 - Publications (please provide 1 copy of each publication)
 - Certified true copies of certificates for any quotable professional qualifications
3. Six case reports on complex clinical conditions managed by the candidate (around 1000 words for each), or an essay type of 5000-word dissertation on a pre-approved topic or case cohort, or a research project that is published as a full paper in a peer-reviewed scientific journal should be submitted to the Secretariat by **8th June 2019** (postmark).
4. In the event of a discrepancy in the submitted training record and the actual training undertaken by a trainee being detected, the College reserves the right to declare the assessment result as invalid and the candidate would have to re-sit the Exit Assessment after the training deficiency had been corrected.

Update Series on Child Health 2019

Venue: CCC Heep Woh Primary School (Cheung Sha Wan)
18 Tonkin Street, Cheung Sha Wan (MTR Exit A2)

Registration : 13:30 - 14:30

Programme : 14:30 - 17:00

Session I - 27 Apr 2019

Opening Ceremony : 14:30-14:45

Moderator : Dr. CHAN Chok Wan

Lecture I : Electronic cigarette – risks to adolescents
(14:45-15:50)

Prof. HO Sai Yin Daniel

Associate Prof., Division of Community Medicine and Public Health Practice, School of Public Health, HKU

Lecture II : Long-term clinical outcomes of paediatric congenital heart diseases
(15:50-16:55)

Prof. CHEUNG Yiu Fai

Bryan Lin Prof. in Paediatric Cardiology, Dept. of Paediatrics and Adolescent Medicine, LKS Faculty of Medicine, HKU

Session II – 25 May 2019

Moderator : Dr. Winnie TSE

Lecture I : Online mental health support for youngsters – “Open up”

Dr. WONG Kwai Yau

Associate Director (Corporate Development) Boys and Girls Club Association

Lecture II : Advanced Management of Irritable Bowel Diseases

Prof. Justin WU

Director, S.H. Ho Centre for Digestive Health
Prof., Dept of Medicine & Therapeutics, Faculty of Medicine, CUHK

Session III - 8 Jun 2019

Moderator : Dr. Nick CHAO

Lecture I : StartSmart@school.hk Project for Kindergartens and Child Care Centres

Dr. SO Man Chit, Amen

Senior Medical and Health Officer (Health Promotion), Central Health Education Unit, Department of Health

Lecture II : Advanced Management of Haemangioma in Children

Dr. David LUK

Consultant, Dept of Paediatrics and Adolescent Medicine, UCH

Session IV - 20 July 2019

Moderator : Ms. Connie TSE

Lecture I : Internet Addiction and e-sports among youngsters

Mr. TANG Chun Yu, Joe

Centre-in-charge, Online New Page – Online Addiction Counselling Centre
Hong Kong Christian Service

Lecture II : Assessment and Management for Children with Clumsiness

Ms. Catherine CHEUNG

Senior Physiotherapist
Tseung Kwan O Hospital

Session V - 24 Aug 2019

Moderator : Dr. David LUK

Lecture I : A Special Training Journey for Youngsters with Autism

Ms. Janette TAM

Occupational Therapist, Haven of Hope Tseung Kwan O and Sai Kung District Support Centre

Ms. Christine YAM

Social Worker, Haven of Hope Tseung Kwan O and Sai Kung District Support Centre

Lecture II : Emergency care for children at home

Dr. Daniel CHIU

Past President, The Hong Kong Paediatric Society

Session VI - 7 Sep 2019

Moderator : Dr. Lilian WONG

Lecture I : Organ Donation in Hong Kong – Ethnic Consideration and Practical Difficulties

Dr. CHAU Ka Foon

Past President, Hong Kong Society of Transplantation

Lecture II : Education for children with medical complexities

Principal KWOK Wing Hang

Secretary, Hong Kong Special School Council
