

Diploma in Child Health (DCH) Written Examination 2021

The Diploma in Child Health (DCH) Examination is divided into two parts, written and clinical. The DCH written examination is the same as the MRCPCH Foundation of Practice (formerly known as MRCPCH Part IA). The DCH written examination is not a prerequisite for entry into the DCH Clinical Examination.

However, the DCH Diploma will ONLY be issued when BOTH components (Written & Clinical) are passed.

Whichever component is passed first, candidates will need to pass the other component within a 7-year period counting from the date the first component is passed. If candidates are not able to pass the other component within the 7 years, the previously passed component is no longer valid and candidates have to re-sit and pass that component before being able to apply for the other component again.

There is no limit to the number of attempts that candidates can make with regard to the DCH Clinical and DCH Written examinations.

The DCH written examination (MRCPCH Foundation of Practice Examination) is held two times a year in Hong Kong, in the month of February and October. Details on application for entry to the examination in February 2021 are as follows:

1. **Examination Date: 10 February 2021 (Wednesday)**
2. **Examination Fee: HK\$4,700** for Foundation of Practice Examination
3. **Entry Requirements**

Candidates who wish to enter the examination must hold a recognized medical qualification in Hong Kong.

The Hong Kong College of Paediatricians reserves the right to admission for the examination and priority will be given to candidates taking both the Foundation of Practice & Theory and Science examinations.
