## Message from the Editors

“The beginning of each New Year brings the promise of new purpose, new goals, new hope and new intentions.” As the year 2021 begins, vaccination campaigns against the novel coronavirus are being launched worldwide. It is too early to say whether we are finally seeing the light at the end of the tunnel, but there are signs that our lives will never be the same. For instance, the MRCPCH Clinical Examination will be conducted in a new format. Find out more in this newsletter and in the College website. Also, please enjoy the winning artworks from the 2020 Art Competition!

## Seminar on the COVID-19 adapted MRCPCH Clinical Examination

Due to the COVID-19 pandemic, MRCPCH has decided to conduct the clinical examination in a new format. In view of trainees' concern, an online seminar has been held to answer most of the questions related to this brand-new arrangement. Interested Fellows / Members / Associates can visit College website and find the video in the “News” Section ([Link](#)) and login is required. If you forget your username and password, please email your full name and Fellowship number to [enquiry@paediatrician.org.hk](mailto:enquiry@paediatrician.org.hk) for retrieval.

## Announcement from Committee for Subspecialty Boards

We would like to take this opportunity to congratulate the following colleagues who have successfully met all the requirements of our College for the Subspecialty of Paediatric Immunology, Allergy and Infectious Diseases (PIAID). They were endorsed by our College as Board-certified in the Subspecialty of Paediatric Immunology, Allergy and Infectious Diseases (PIAID) at the 189<sup>th</sup> and 190<sup>th</sup> Council Meetings (on 24 November 2020 and 26 January 2021 respectively).

Our College Fellows continue their pursuit of academic excellence and serve patients with undoubted passion.
