## Message from the Editors

The Annual Scientific Meeting, Annual General Meeting and the Fellows Conferment Ceremony will be held on 7 December Saturday this year. As usual, the highlight is our Annual Dinner. New Members, Fellows, Subspecialists and their spouses are cordially invited. Most importantly, do mark this important event in your diary. Come to join us on that day!

## A SPECIAL day on 7 December 2013 (Saturday) – Annual Scientific Meeting, Annual General Meeting, Fellows Conferment Ceremony cum Annual Dinner

This past year, our College has not only made big strides in subspecialty accreditation, we have also kindled zeal in strengthening continuing medical education and embarked on formally linking a Scientific Meeting with the Annual General Meeting. We hope this association will be sustained on an annual basis. As a Head-start, we have invited experts from the three established subspecialties and one under application to take charge of the ASM programme. So, you are right to say that this is NOT just another one of those regular events at the end of each year.

The SPECIAL day on 7 December begins early with a full-day programme of scientific sharing and exchange, to be followed by the AGM and Fellows Conferment. We sincerely congratulate, at the solemn Conferment Ceremony, 24 Developmental-Behavioural Paediatrics (DBP) and 32 Paediatric Neurology (PN) First Fellows who will receive their hard-earned certificates together with the new Fellows and Members of General Paediatrics.

Last but not least is the highlight always, the joy-filled Annual Dinner. New Members, Fellows, Subspecialists and their spouses / family members are cordially invited. We all, of course, shall treasure this golden occasion to have a good meal with friends in the College community. At \$150 each person, it's too good to be missed. So, please invite your beloved family and your colleagues to join the great event! Please refer to the registration form in **Appendix I**.
