## Message from the Editors

The 4th Hong Kong-Guangdong-Shanghai-Chongqing Paediatric Exchange Meeting will take place on 12 September 2014 at Chongqing Yuelai International Convention Center. The College will provide sponsorship to cover for air travel and hotel accommodation expenses. It's not too late for you to register, read on for more information.

## Achievements

Our College Members continue to serve the Hong Kong community with undoubted passion and amazing dedication. Two of the very well-deserving award recipients on this year's Honours List are Prof LEUNG Nai-kong, who received the Silver Bauhinia Star (SBS) and Dr TSE Hung-hing, who became a Justice of the Peace (JP).

Prof Leung and Dr Tse, please accept our sincerest congratulations and we look upon respectfully your exemplary role-modelling!

## 23<sup>rd</sup> Annual General Meeting

The 23<sup>rd</sup> Annual General Meeting of the College will be held on 6 December 2013 (Saturday). As we know, this is the biggest College event every year. Following suit is the conferment of Fellowships, certificate presentation to Subspecialty First Fellows and the welcome to New Members and New Associate Members, which in previous years has been well attended by officials of the HKAM, Sister Colleges, notables from the medical and health profession and statutory organisations. It is always a solemn but touching moment for all present. With the great success and remarkable turnout of participants and entrants in the poster and oral presentations at the 1<sup>st</sup> Annual Scientific Meeting last year, the 2<sup>nd</sup> ASM is also organised on the day of the College AGM. Other than talks by experts from various subspecialists, to cater for the diverse needs and broad interests of our Members, this year there is a session particularly dedicated to office paediatrics and a session organized by the newly established Young Fellow Club with fresh ideas. The fun of the day can only be complete when we join the Annual Dinner at the Run Run Shaw Hall where we can all relax and indulge in a special evening of fraternity and passion.

So, please be sure to mark on your diary this date, 6 December, invite your beloved family / best friends/ fantastic colleagues to join in, and be kept in tune with further announcements!

# **Announcement from Subspecialty in Developmental-Behavioural Paediatrics (DBP)**

## **Subspecialty of Developmental-Behavioural Paediatrics (DBP) – Invitation for Enrollment of Training Programme (commencing from 2 January 2015)**

The Developmental-Behavioural Paediatrics (DBP) is now recognised as a Paediatric Subspecialty by the Hong Kong College of Paediatricians, and it has been registered in the Specialist Register of the Medical Council of Hong Kong since 3 July 2013.

We are now calling for application enrollment of DBP trainees for Year 2015. Please kindly find enclosed files of [Application Information](#) (Appendix 1) and [Training Application Form](#) (Appendix 2) for your attention. Training Programme and above mentioned information are also available at the College website: [www.paediatrician.org.hk](http://www.paediatrician.org.hk)

Please be reminded that the training programme will commence from 2 January 2015. The deadline for enrolment of the Training Programme is **18 August 2014, Monday, 5:00 pm**. If you have any queries please do not hesitate to contact the undersigned.

Dr Patrick Ip  
Honorary Secretary  
DBP Subspecialty Board  
(Email: [Patricip@hku.hk](mailto:Patricip@hku.hk))

## **Free Trial of Part-task Trainers offered to College Fellows and Trainees (16 July-15 September 2014)**

The Hong Kong Jockey Club Innovative Learning Centre for Medicine (HKJC ILCM) has been offering free trial of the Part-task Trainers to College Fellows and trainees. The simulators offered in the training included LAP Mentor, GI/BRONCH Mentor and HeartWorks Dual Transesophageal echocardiography (TEE)/ Transthoracic echocardiography (TTE). Please refer to Appendix 3 for details of the simulators.

Here is the arrangement for the free trial of Part-task Trainers:

1. The 2-month free trial period will be from 16 July 2014 to 15 September 2014;
2. Each trial session will last for 2 hours;
3. Each session can accommodate a maximum of 3 Fellows / trainees;
4. It is not necessary for the trainee to be accompanied by a Fellow;
5. Fellows / trainees who wish to book a trial session must complete a booking form and submit it through their College;
6. Booking for Saturday/Sunday/evening sessions must be made at least 7 days in advance; bookings for weekday sessions should be made as early as possible;
7. Bookings will be on first-come-first served basis;
8. Should a Fellow / trainee be unable to attend a booked trial session, he must inform HKJC ILCM as soon as possible;
9. HKJC ILCM has the right to cancel any booking when deemed necessary.

We have liaised with suppliers of the part-task trainers, and they have kindly agreed to offer technical support at certain sessions (please see Appendix 4 for booking). Should you have any query about the arrangements, please contact Ms Sandy Ng on 2871 8718.

Interested College Fellows and trainees, please complete the booking form and submit it through individual College with endorsement.

## Scientific and Research Subcommittee

### Call for Registration

#### 第四屆港粵滬渝兒科學術研討會

#### **4<sup>th</sup> Hong Kong-Guangdong-Shanghai-Chongqing Paediatric Exchange Meeting (12 September 2014)**

We are pleased to announce that the above Meeting will be held in Chongqing on 12 September (Friday) this year. It will be a half-day event on **Friday afternoon** (12/9).

Meeting date: 12/9 Friday

Time: 1:30 pm – 6:30 pm

Venue: Chongqing Yuelai International Convention Center 重慶市悅來會展中心

Sign in date: 11/9 Thursday

The Meeting will be one of the programs of the 2014 National Conference of Chinese Pediatric Society 中華醫學會第十九次全國兒科學術大會 ( <http://www.nccps.org/2014/cn> ), which will run from 12-15 September. Besides invited lectures from speakers from Guangdong, Chongqing, Shanghai and HK, there will be 2 sessions for oral free paper presentation and poster presentation at the Exchange Meeting. A program run-down is attached for your reference (Appendix 5).

This biennial event is a good opportunity for colleagues from HK and China to meet and share their clinical and research experience. Registration is free. College will cover the expenses of return airfare and 3 nights' hotel accommodation, to a maximum amount of HK\$4,000 per person, for fifteen (15) colleagues to attend this Meeting. Priority will be given to Invited Speakers, members who have submitted oral or poster presentations, colleagues having official duties at the Meeting and members of the Organizing Committee of the event.

Please register for the Meeting by completing and returning the attached Registration Form (Appendix 6) to the College Secretariat **on or before Friday 8<sup>th</sup> August 2014**.

Interested colleagues please book your air-tickets early. Reimbursement will be arranged by the College Secretariat after the Exchange Meeting for colleagues with College sponsorships.

For those who are also interested in attending the National Paediatric Congress, please register at this link ( [http://www.nccps.org/2014/user\\_cn/user\\_login.asp](http://www.nccps.org/2014/user_cn/user_login.asp) ).

### **2014 Annual Scientific Meeting**

We are pleased to announce that the ASM this year will be held at the **HK Academy of Medicine Building on Saturday, 6 December 2014**, immediately preceding the College AGM and Annual Dinner. It will be a full-day meeting consisting of case-based symposia, a free paper session, a session on Office Paediatrics and a “Young Fellows” session. This will be a unique opportunity for paediatricians to discuss, share and update clinical paediatric knowledge in an interactive way. Focus will be on cross-disciplinary holistic care of children, scientific updates and presentation of the latest in paediatric research. Details of the Meeting, including the Scientific Program and registration form (Appendix 7-9) are attached and can be downloaded from this web-link (<http://goo.gl/vGgqxx>).

**Registration on or before 12th November 2014** by email ([enquiry@paediatrician.org.hk](mailto:enquiry@paediatrician.org.hk)) or fax (2785-1850)

**Abstract submission deadline: 6<sup>th</sup> October 2014**

We invite submission of abstracts to the Free Paper Session (both clinical and basic science research are welcome). In particular, young investigators are encouraged to submit abstracts to make this meeting a success. You may select "oral presentation" if you do wish to be considered for an oral presentation during the free paper session.

Please email your abstract to Dr. Brian CHUNG ( [paedoff@hku.hk](mailto:paedoff@hku.hk) ) using the instructions on the attached abstract submission form (Appendix 10) which can also be downloaded from the College website (<http://goo.gl/vGgqxx>). Notification of abstract acceptance and selection for oral presentations will be sent by email in November. Prizes will be awarded for the best oral and poster presentations. All selected abstracts will be published in the Hong Kong Journal of Paediatrics (new series). Due to copyright issues, identical abstracts that have been submitted and presented previously will not be accepted for this meeting.

## **Professional and General Affairs Committee**

### **Professional alert updates from local paediatric subspecialty societies**

Please kindly be informed our College has collaborated with all local paediatric subspecialty societies to give colleagues updated information in our local clinical practice. Our aim is to keep members alerted to the change in clinical management. These update information will be periodically emailed to all our College members with contact email addresses and archived in our College website named "**Update information on clinical practice**" under "Publication" which is placed between "Clinical Guidelines" and "HK Journal of Paediatrics" (for members only). We hope you find these interesting and helpful to your clinical practice. Please enjoy! Feedbacks are most welcome. We would also like to sincerely thank all subspecialty society presidents and their councils for their kind support in providing such service to our members. Stay alert to our first update information on UTI management.

## **Education Committee**

### **Paediatric Advanced Life Support Course (PALS) 2014**

The big PALS classes this year are scheduled as follows:

Provider Update Course - Friday, 3 October 2014

Provider Course I - Saturday & Sunday, 4-5 October 2014

Provider Course II - Monday & Tuesday, 6-7 October 2014

There will also be small classes in November and December 2014. These courses are now open for registration. Doctors working in HA Paediatric Departments will be sponsored by HAHO. Enrollment form is available at <http://www3.ha.org.hk/aetc/enrollment.htm>. For enquiry, please call: 3553 3300, or email to [aetc\\_rhtsk@ha.org.hk](mailto:aetc_rhtsk@ha.org.hk)

The PALS Course is part of the College Basic Training Curriculum. College trainees are required to complete the PALS Course before the end of their Basic Training period.

# Examination Committee

## Results of recent examinations

Date	Examination	Pass / No. of sittings	Pass rate
13 May 2014	MRCPCH Applied Knowledge in Practice Exam	11/14	79%
10 June 2014	MRCPCH Foundation of Practice, Theory and Science Exam		
	Foundation of Practice	4/5	80%
	Theory and Science	3/6	50%
19 June 2014	32 <sup>nd</sup> Exit Assessment	9/9	100%

## 33<sup>rd</sup> Exit Assessment

The 33<sup>rd</sup> Exit Assessment will be held on 18<sup>th</sup> December 2014 (Thursday). The closing date for receipt of completed application and associated documents is **3<sup>rd</sup> October 2014**. Details of application and application form can be downloaded from the College website.

## Continuing Medical Education Subcommittee

With commencement of the new CME cycle (2014-2016), the Academy would encourage our fellows to conduct more clinical audits and quality assurance, and activities for improvement of patient / medical care (E4.6 and E4.7 of College CME/CPD guidelines) even though mandatory points is NOT necessary. While these activities might not be a problem for institutional based fellows, it can be a challenge for private paediatricians especially those in solo practice. The CME subcommittee welcomes feedbacks on such needs and suggestions of acquiring CME points in this area.

## CME Category A Activities

Listed below are CME Category A activities organized by the HKCPaed, various paediatric societies and institutions, and selected paediatrics-focused topics. For the complete list of Category A activities, including continuous courses, and Category B activities, please refer to the homepage of the HKCPaed. The accuracy of the information has been checked according to the details submitted by the responsible organizers. The information below is abstracted from the College Web site on 25 Jul. 2014. *Members and fellows are reminded to contact the enquiries listed below for last-minute alternations.*

Aug 2014		
13 Aug	Topic:	<b>HKSSM Seminar - Sleep training in infants: what have I learned in the past 5 years</b>

**Hong Kong College of Paediatricians**  
**Developmental-Behavioural Paediatrics Subspecialty Training Programme**  
**Information for Application**

***Subspecialty Description***

Developmental-Behavioural Paediatrics (DBP) is a discipline of Paediatrics that deals with the evaluation, treatment and management of children with or at risk for developmental, learning, emotional and behavioural problems, through an understanding of the underlying biological and social factors, and delivered in context of the children's lives and families. It emphasizes evidence based practice, multidisciplinary and cross sector collaboration, and aims to promote the optimal development and behavioural health of all children.

***Intake for Training Programme***

This invitation is for the DBP training programme that has commenced on 1<sup>st</sup> December, 2013. The training programme cycle normally begins in January and July. Invitations for the training programme may be issued around January and July for subsequent cycles. Training Programmes for accepted candidates will commence when training resources can be confirmed.

***Eligibility***

- Specialists holding the qualification of FHKAM (Paediatrics) or its equivalent, or
- Candidates who have completed 3 years basic training in general paediatrics and have passed the Joint MRCPCH(HK)/Hong Kong College of Paediatricians Intermediate Examination are eligible to receive up to a maximum of one cumulated year of DBP subspecialty training experience during their higher training in general paediatrics, subject to prior approval of the proposed training by the DBP Subspecialty Board;
- Fluency in spoken Cantonese and basic level of written Chinese.

***Duration of training***

This is a 3 years training programme, with a maximum of one cumulated year or training received during Higher Training in general paediatrics, subject to approval of the DBP Subspecialty Board.

***Training programme*****A. Clinical rotations*****DBP Core Programme (21 months)***

DBP Foundation module	18 months
Child Public Health	2 months full time or log-based equivalent*
Clinical Genetics	1 months full time or log-based equivalent*

**DBP Foundation module**

15 months in two CAC, 2 months in DKCH, 1 month annual leave	or	12 months in DKCH 5 months in one or two CAC, 1 month annual leave
--	----	--

CAC: Child Assessment Centres, Child Assessment Service, Department of Health

DKCH: Child Development Centre, Duchess of Kent Children Hospital

***Other modules (15 months)***

Child Neurology	3 months full time or log-based equivalent*
Child Psychiatry	6 months full time or log-based equivalent*
Elective	6 months full time or log-based equivalent*

\* The number of hours/sessions that is equivalent to full time training. On-call duties optional for all rotations.

**B. Community involvement, research, teaching, and administration****C. On-going assessments**

- Interim assessment at least every 6 months
- Annual assessments

**D. Final exit assessment**

- Structured interview
- Review of 2 dissertations with one accepted for publication, and at least 2 presentations
- Program Director's report

***Application***

Please send duly completed Application Form and documents required to:

Dr. Patrick Ip, Hon. Secretary

DBP Subspecialty Board

c/o Ms Kitty Ho, College Secretary, Hong Kong College of Paediatricians

Room 801, Hong Kong Academy of Medicine Jockey Club Building

99 Wong Chuk Hang Road

Hong Kong

Deadline of application: **5:00 pm, 18th August, 2014**

Only applications with complete submission of documents required will be processed. Eligible applicants will be notified for interview to be held on 27 August 2014. Successful applicants will be notified before the end of September, 2014.

***Enquiries***

Full details about the programme are available at the Hong Kong College of Paediatricians website <http://www.paediatrician.org.hk/>.

Please direct enquiries to Dr. Patrick Ip, Honorary Secretary, at [patricip@hku.hk](mailto:patricip@hku.hk)

**Part B** *Curriculum vitae*

Please submit a curriculum vitae that includes the following where applicable:

- Academic record and professional qualifications with dates
- Present and previous appointments with dates (including internship)
- Previous training with dates and sponsorship, including courses/conferences attended, local and overseas training, professional and administrative
- Supervisors & Trainers during period of Accredited Training in general Paediatrics
- Research or projects completed or in progress
- Publications
- Presentations in local or overseas conferences
- Participation in professional bodies
- Community service and positions held
- Teaching activities
- Extra-curricular activities involvement and official capacities held
- Awards, prizes, scholarships or distinctions obtained

**Part C** *Support of the Chief of Service or Service Head (if applicable)*

To: DBP Subspecialty Board

I support / do not support the candidate's application for training in DBP.

# Hong Kong College of Paediatricians Annual Scientific Meeting

6 December 2014

Pao Yue Kong Auditorium & Lim Por Yen Lecture Theatre  
Hong Kong Academy of Medicine Jockey Club Building  
99 Wong Chuk Hang Road Hong Kong

- ❖ Discussion and promotion of holistic approach in managing paediatric problems through case-based scenarios and cross-disciplinary interactions
- ❖ Scientific updates and research achievements of fellow paediatric clinicians and researchers
- ❖ Introduction of the Young Fellows' Club

## Symposia

### Symposium A

- A child with persistent fever and joint pain

### Symposium B

- A child with fever and rash

### Symposium C

- Office Paediatrics
- Three 'I's in the Office Practice of Paediatric Immunology - Investigations, Interventions and Immunisations
- As illustrated by 3 case scenarios

Registration & Abstract Form: <http://goo.gl/vGgqxx>

**CME Accreditation:** HK College of Paediatricians (Category A)  
6 points for full day program  
3 points for half day program

## *What's more?*

### **Young Fellows' Club Session**

- Who we are?
- Our establishment and objectives
- A platform for young fellows to bond and to express
- Sharings in career development, training and aspirations in Paediatrics
- Academic presentations

### **Free Paper Session**

- Presentations on scientific, translational, clinical and public health-related research are welcome
- Prizes for outstanding papers
- **Abstract submission deadline: 6 October 2014**

Co-sponsored by: Hong Kong Society for Paediatric Immunology and Infectious Diseases

Co-organised by: Hong Kong Society of Paediatric Rheumatology

Hong Kong Paediatric Haematology & Oncology Study Group

Hong Kong Society of Paediatric Cardiology
